

Complete Cash Management System

Consillion's Complete Cash Management System is the combination of industry-leading cash handling technology integrated with an innovative cloud-based reporting platform, and supported by Consillion's industry-leading expertise and service network.

Designed primarily for the unique requirements of the Retail industry, our system goes beyond the renowned benefits of cash recycling bringing improved synergy with your third parties as well as an unprecedented visibility of cash both at store level and at a national base.

CUSTOMER-FACING CASH RECYCLERS

The new INLANE is a contact-free customer-facing note and coin recycling solution designed to be implemented at the Point of Sale (POS), helping you keep your staff and customers safe and increase the efficiency

- Allows customers to pay both notes and coins directly into the machine when paying by cash
- Counts, stores and dispenses change back directly to the customer
- Flexible note and coin capacity to suit your store needs and dimensions

CASHIER-FACING CASH RECYCLERS

Our Cash Recycling Solutions are designed to fully automate your cash handling procedures and incorporate the following functions:

- Dispense personalised floats in less than 60 seconds
- Accept bulk deposits of end-of-day takings
- Manage change requests and cash skims from tills
- Facilitate ATM top-ups and clearances
- Track petty cash or supplier payments
- Allow to manually key-in vouchers and tickets using the drop safe function
- Simplify CIT management as time on site, frequency of visits, and costs are dramatically reduced

Our Cash Recycling Solutions are **available for small, medium, and large size venues** as their capacity is dependent on your cash volumes and business needs.

REPORTING AND ANALYTICS PLATFORM

Cloud-based and user-friendly dashboard that offers full tracking, reporting and monitoring capabilities compatible with our Cash Recycling devices.

- Track cash transaction data by user ID, machine, department, store, state, etc.
- Optimise cash levels across your estate by monitoring cash movements and usage
- Immediately spot unusual transactions and behaviors via exception reporting
- Fully customisable dashboard to suite your business.
- Ongoing training and support is provided

HOW IT WORKS

LOG INTO CASH LANTERN ANY TIME FROM ANY DEVICE AND HAVE FULL VISIBILITY OF YOUR CASH TRANSACTIONS

OUR CUSTOMERS

Consillion has 700+ RCS Cash Recycling machines operating in the Australian market.

INDEPENDENT RETAILERS

NATIONAL RETAILERS

Why our customers love our complete Cash Management System

"Once I saw what the RCS800 could do at the 2015's Metcash Expo, I decided it was a must-have for our business. (...) With our staff freed from manual cash counting we can focus on delivering the quality service and shopping experience that the local community deserves."

Kemuel Wood
Owner | Supa IGA St Helens, TAS

"The results of the RCS800 solution at our Sans Souci store were so impressive, we had to have one at our new store in Casey. Making cash reconciliation this easy and traceable will help us continue to meet the Supabarn customer service promise."

Danielle Houston
Chief Financial Officer | Supabarn Group
